Continuation of Substance of Interview including description of the general nature of what was discussed: examiner called several times and learned applicant is out of town. Examiner recevied the transated document above from applicant, and called to see if there was something examiner missed, as it appeared to read on the claims. Applicant is to be commended for providing this translation, and examiner was willing to consider a proactive argument as to why it did not anticipate the claims if that would speed resolution of the case. Since this was not possible, examiner is sending an action on the merits.
